**AFFIDAVIT**

BEFORE ME the undersigned authority personally appeared [REDACTED]

JOHNSON who being first duly sworn deposes and says:

1. My name is [REDACTED] Johnson, I am over the age of 18 years and make this statement on personal information.
2. I used to work at Sabal Palms nursing home in Largo, for a period of about two years. I actually was employed by a nursing agency and was placed at Sabal Palms as a Certified Nursing Assistant (CNA). I believe the events related here occurred in about 1993.
3. During this assignment I took care of Terri Schiavo several times. The first time I saw her, my duties were being explained to me by the nurse on duty. Terri Schiavo was lying in bed. Another patient, also a young woman about the same age and in the same condition, was sitting up in a chair, with a drink cup and straw in front of her.
4. I asked why Terri was not up in a chair, too. I learned, as part of my training, that there was a family dispute and that the husband, as guardian, wanted no rehabilitation for Terri. This surprised me, as I

did not think a guardian could go against a doctor's orders like that, but I was assured that a guardian could and that this guardian had gone against Terri's doctor's orders.

5. No one was allowed to just go in and see Terri. Michael had a visitors list. We all knew that we would lose our jobs if we did not do exactly what Michael said to do.
6. I remember seeing Michael Schiavo only once the entire time I worked at Sabal Palms, but we were all aware that Terri was not to be given any kind of rehabilitative help, per his instructions. Once, I wanted to put a cloth in Terri's hand to keep her hand from closing in on itself, but I was not permitted to do this, as Michael Schiavo considered that to be a form of rehabilitation.
7. This entire experience made me look hard at nursing homes. After about two years, I quit this job, because I was so disillusioned with the way Terri was treated. Someone somewhere along the way should have reported this.

FURTHER AFFIANT SAYETH NAUGHT.
